★ USER GUIDE ★

Utilizing the accessibility of the internet, an Open Data website was created as a simple way for citizens to freely access government information.

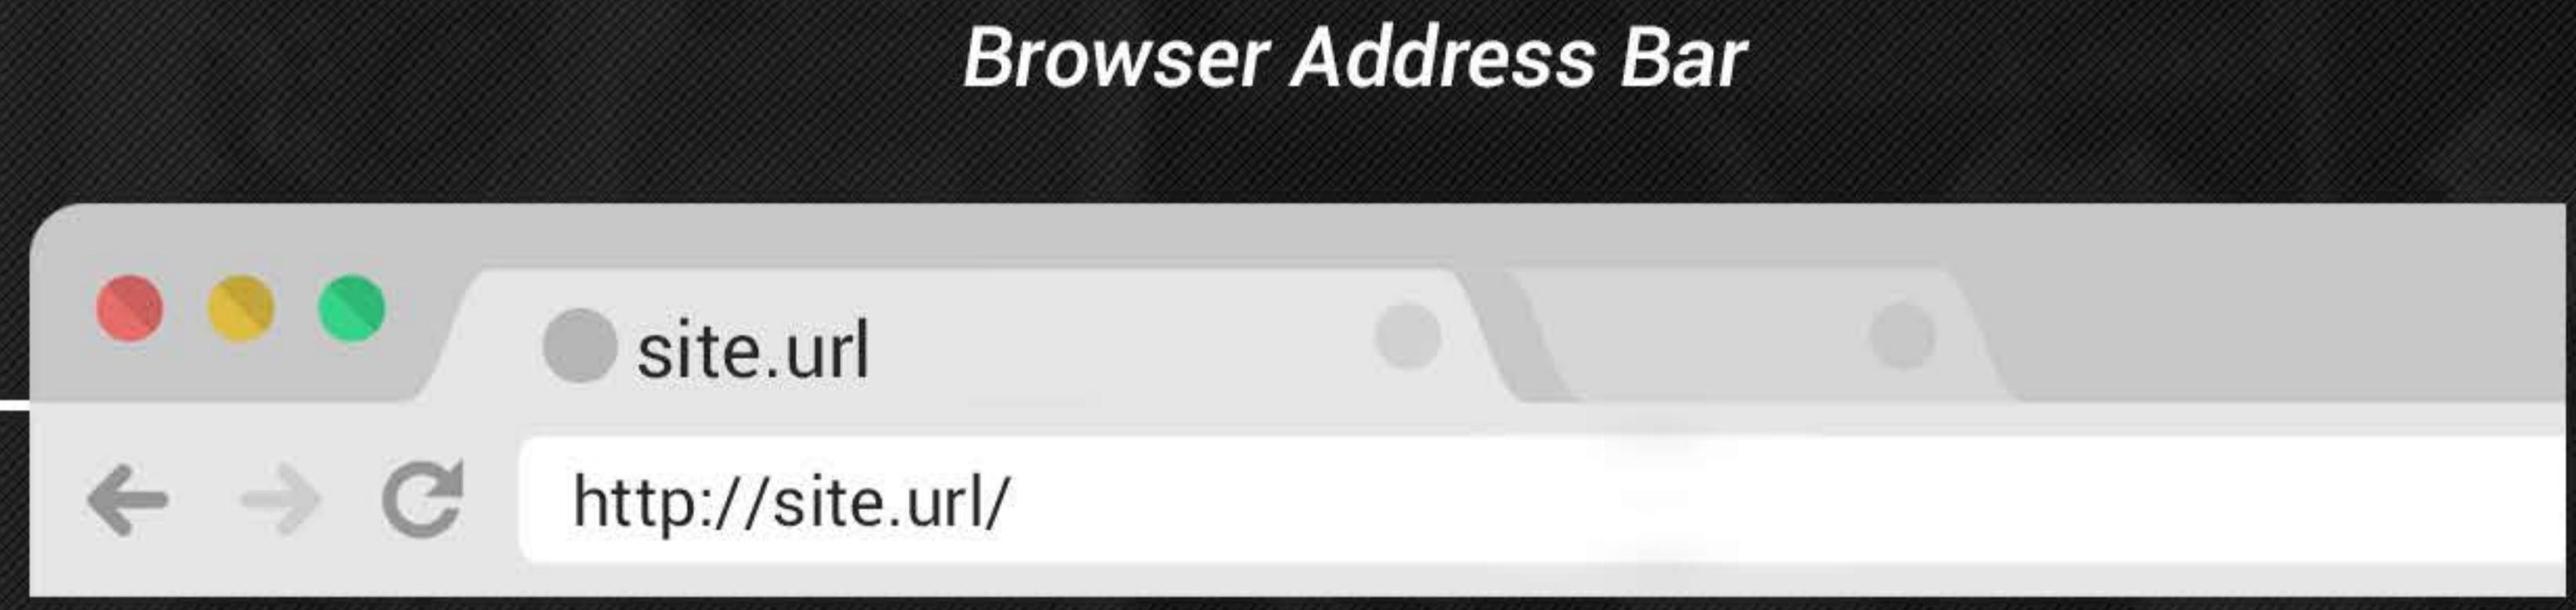

# Accessing Open Government Platform

*How do I access the Open Government Platform page?*

## VIA URL ADDRESS

On your browser's address bar, type in the url:

<http://site.url/>

## Homepage Overview

The homepage displays the latest news, data, activities, and featured infographics. With sitewide search, this provides the user with a portal to easily navigate to all things Open Data

A screenshot of the Open Government Platform homepage. The header features a yellow navigation bar with links for About, News, Data, Infographics, Apps, Community, and Contact. On the right side of the header is a 'LOGO' placeholder and a 'LOGIN' button with a 'Sign up here!' link. The main content area has a large central gray section with arrows for navigation. To the right is a sidebar titled 'SEARCH DATA HERE' with dropdown menus for CATEGORY (Economics/Labor, Transport/Traffic, Health, Education/Science, Budget/Tax, Geography/Geology), LOCATION, and FORMAT, and a 'SEARCH' button. Below this is a section titled 'FEATURED INFOGRAPHICS' containing three cards: 'PROCUREMENT' (a bar chart with categories like Procurement, Budget, and Employment), 'BUDGET' (a pie chart showing budget distribution), and 'TRAFFIC' (an interactive map of a city). At the bottom of the page are sections for 'ACTIVITIES' (a video player placeholder), 'LATEST NEWS' (an article about an action plan for open data), and 'LATEST DATA' (a message from the outreach coordinator).

## Slide Gallery

This serves as the headline of the website. A slide gallery may also contain **graphics**, **subtitles**, and a **welcome section**.

This section shows the latest activities done by the Data Administration Team and its partners to further advance and promote Open Data.

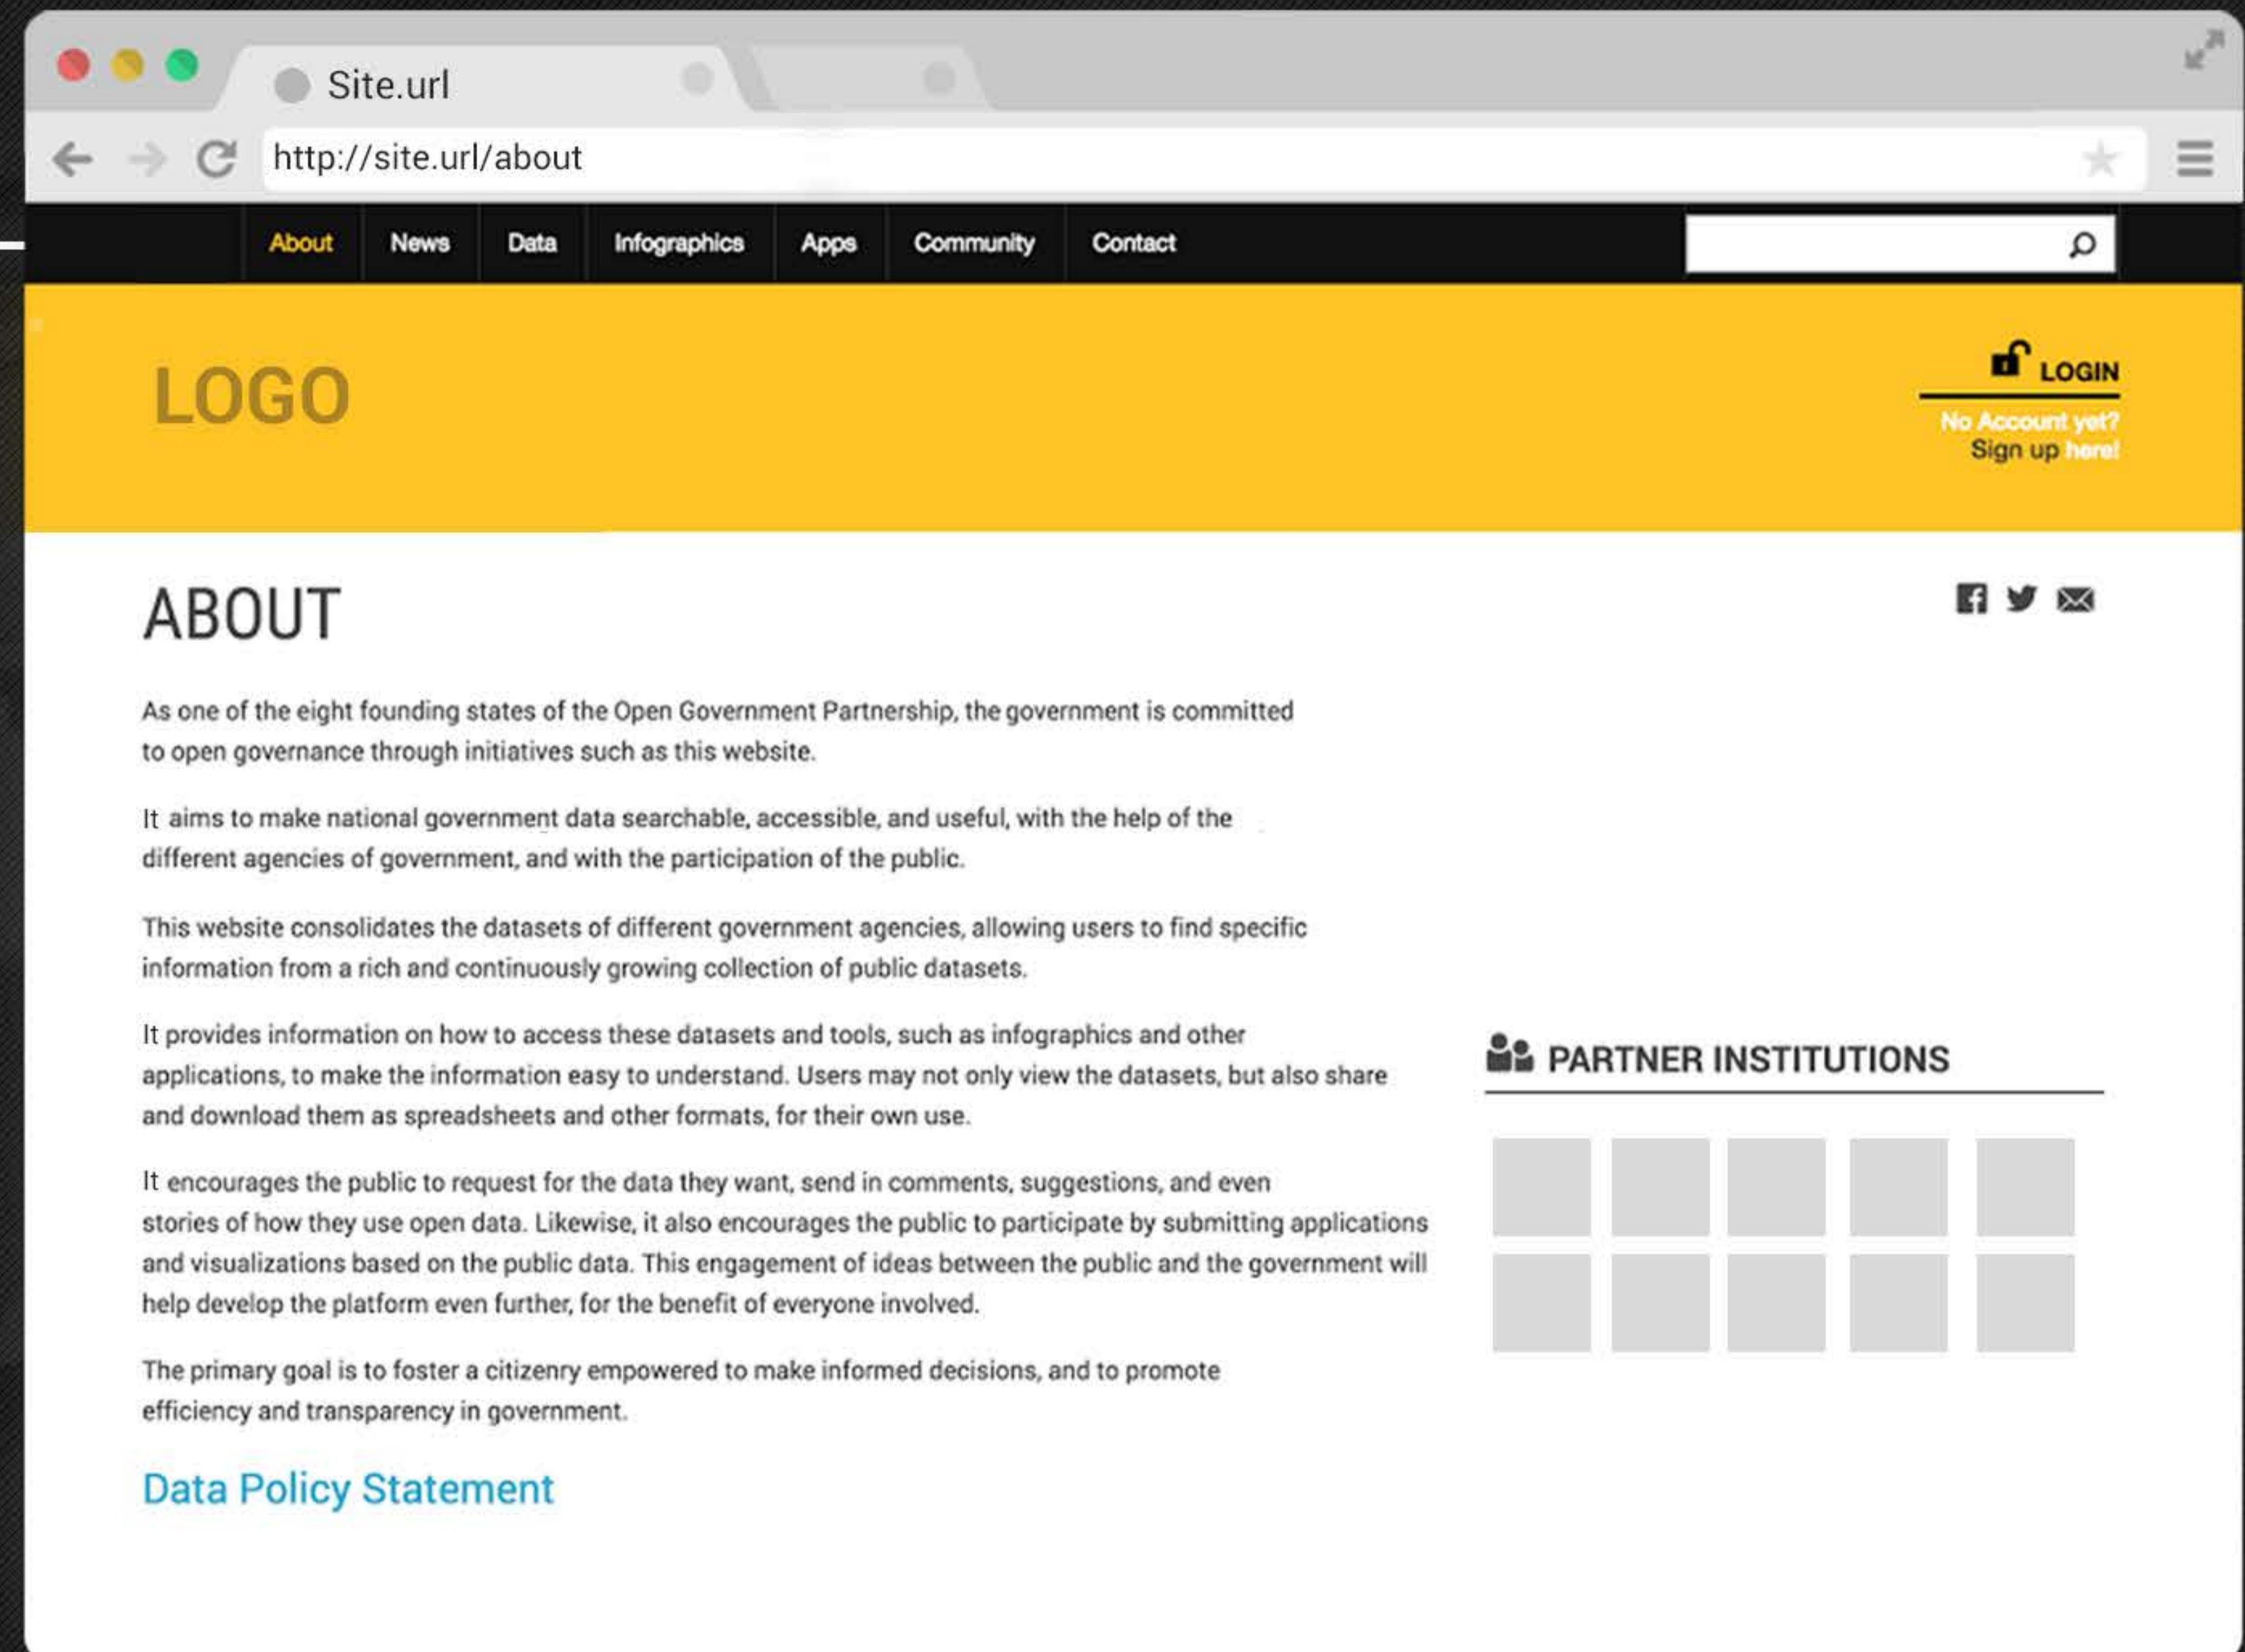

# Open Government Platform - About Page

## What is the Open Government Platform?

### ABOUT OPEN GOVERNMENT PLATFORM

Contains an in-depth description of the website and its platform.

It also displays the agencies that form the Data Administration Team along with the Partner Institutions.

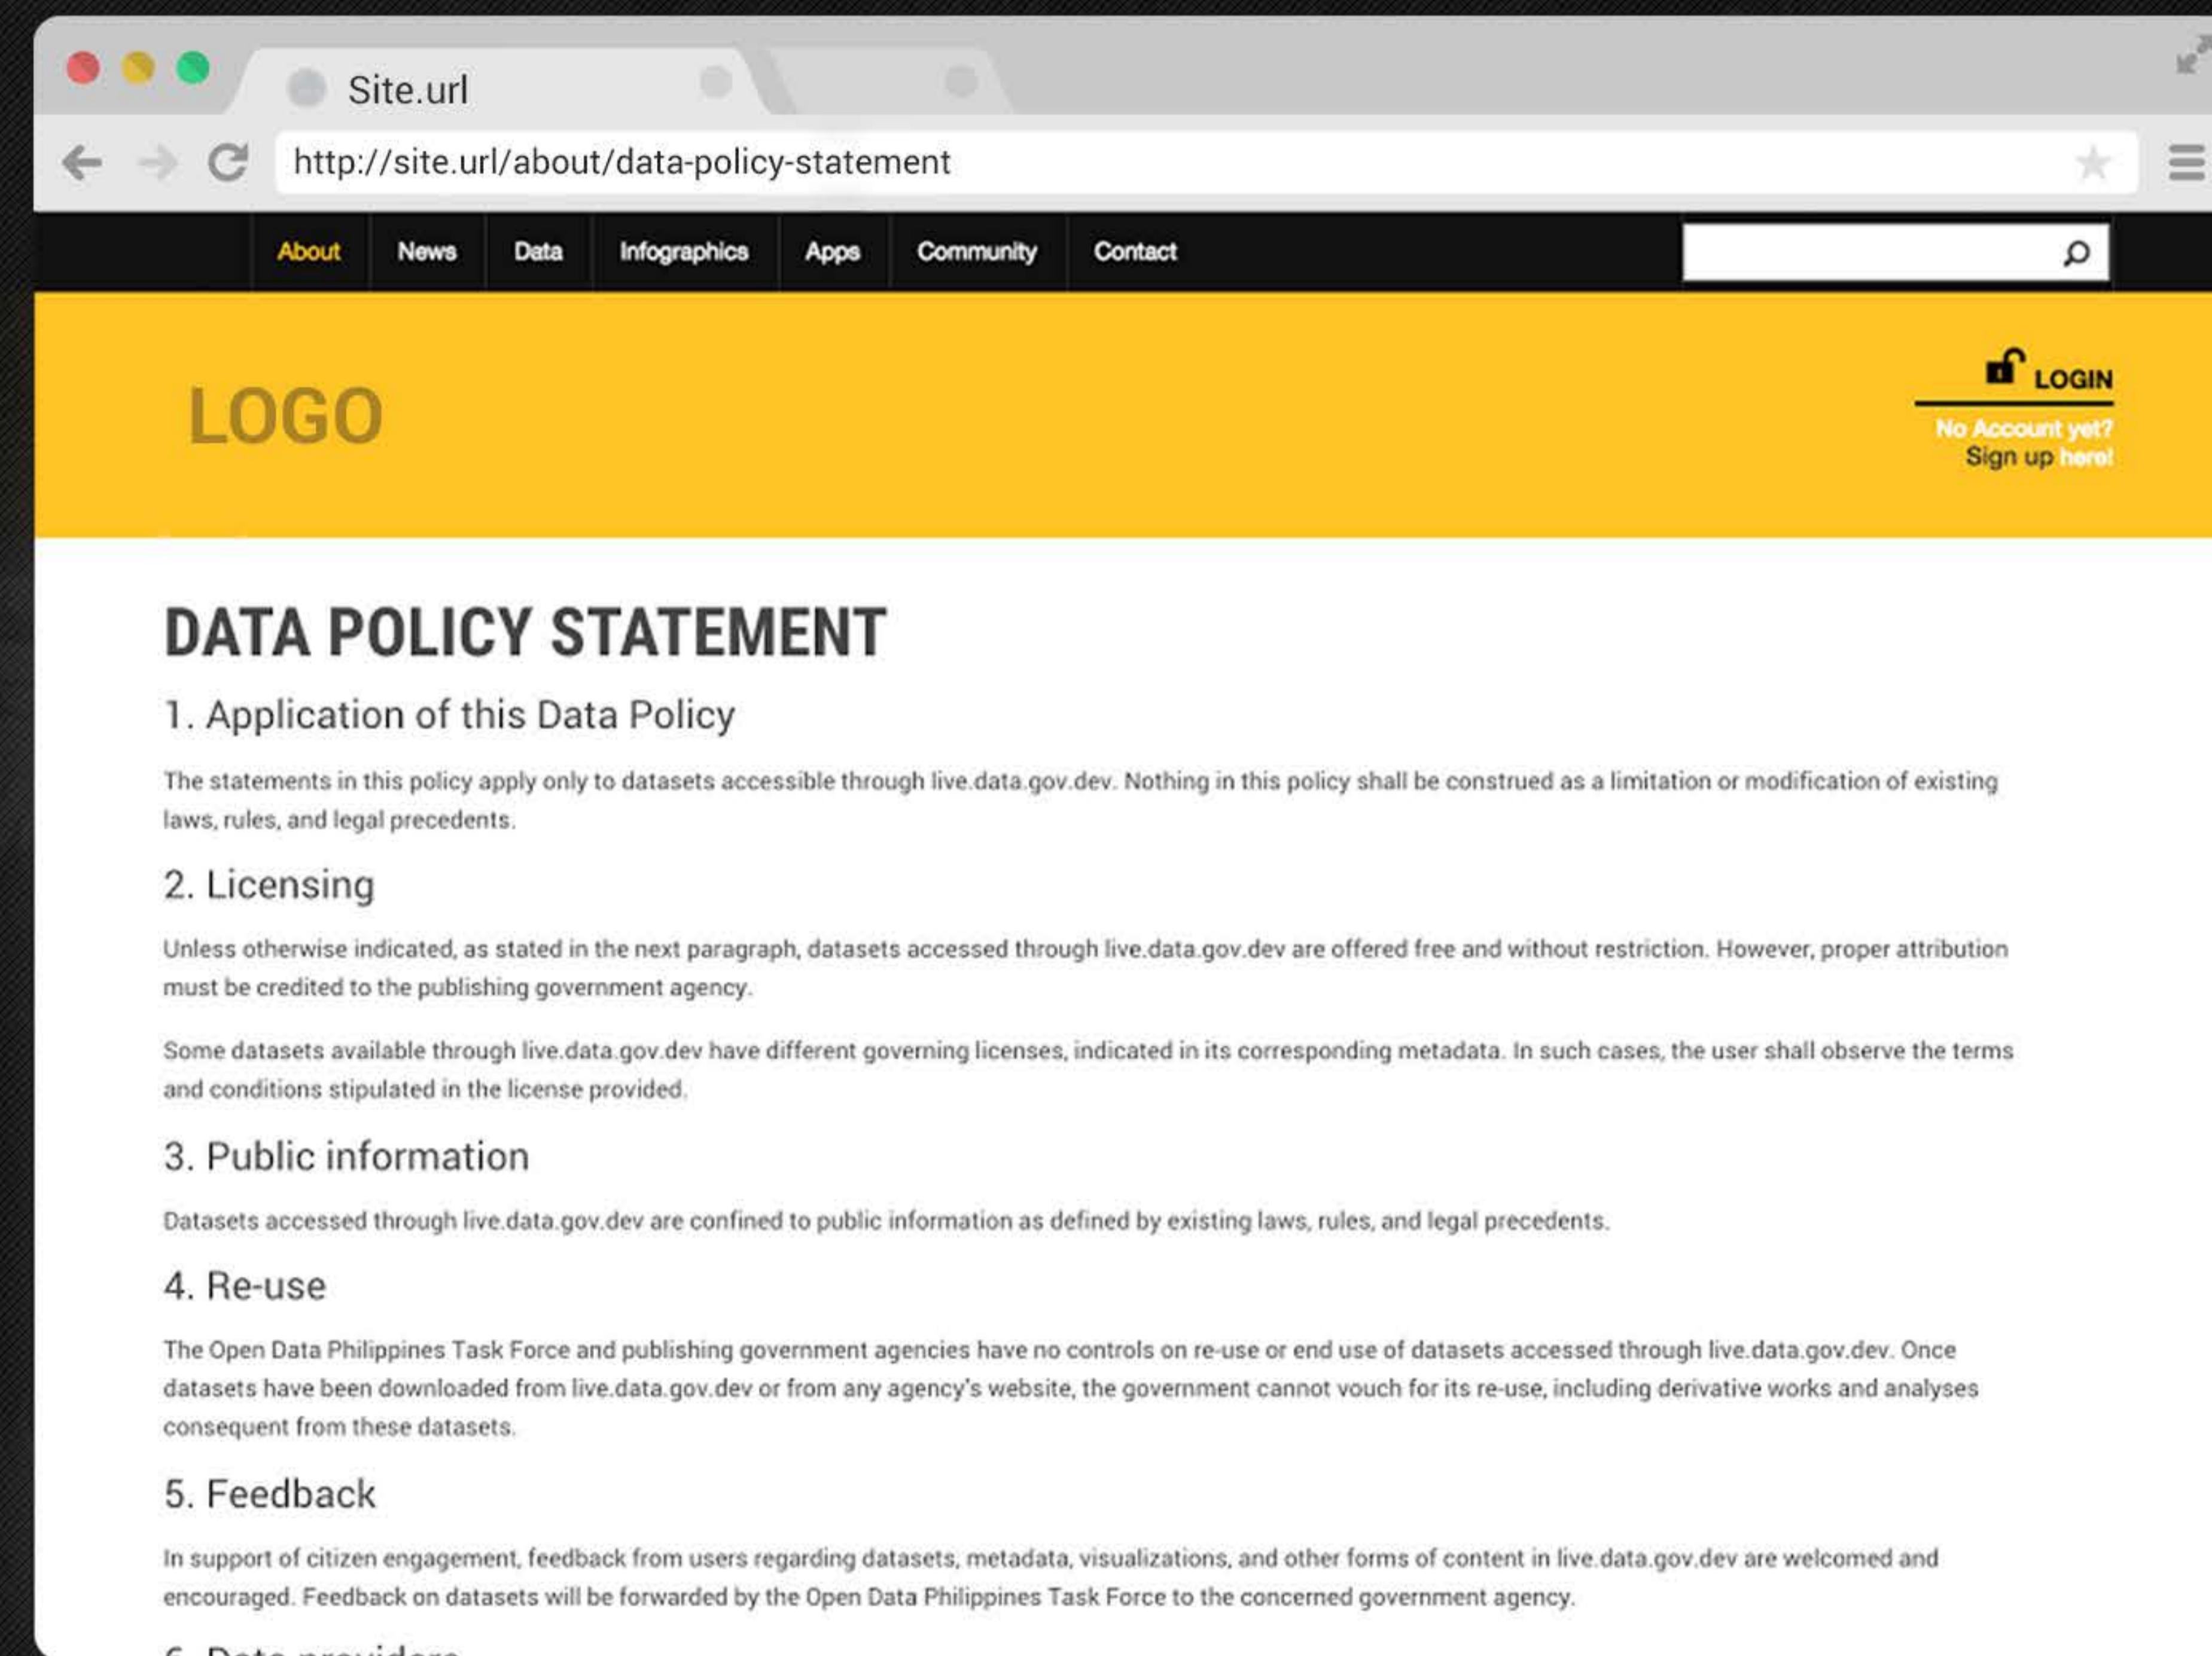

The screenshot shows the 'About' page of the Open Government Platform. The header includes a logo, navigation links (About, News, Data, Infographics, Apps, Community, Contact), and a login/signup section. The main content area has a yellow header with 'LOGO' and a white body with sections for 'ABOUT', 'Data Policy Statement', and 'PARTNER INSTITUTIONS' with placeholder icons.

**ABOUT**

As one of the eight founding states of the Open Government Partnership, the government is committed to open governance through initiatives such as this website. It aims to make national government data searchable, accessible, and useful, with the help of the different agencies of government, and with the participation of the public. This website consolidates the datasets of different government agencies, allowing users to find specific information from a rich and continuously growing collection of public datasets. It provides information on how to access these datasets and tools, such as infographics and other applications, to make the information easy to understand. Users may not only view the datasets, but also share and download them as spreadsheets and other formats, for their own use. It encourages the public to request for the data they want, send in comments, suggestions, and even stories of how they use open data. Likewise, it also encourages the public to participate by submitting applications and visualizations based on the public data. This engagement of ideas between the public and the government will help develop the platform even further, for the benefit of everyone involved. The primary goal is to foster a citizenry empowered to make informed decisions, and to promote efficiency and transparency in government.

## Procurement Dashboard Infographic

### DASHBOARD OVERVIEW

The Procurement Notices and Details contain information on the procurement activities of an agency.

### LIST OF PROCUREMENTS

With millions of rows of data on procurement records open, we have created a set of filters which will allow you to easily search across all records. For example you can search by Year, National Government Agency, Procuring Entity, Procurement Mode, Procurement Amount and Location.

## Dashboard Page

The screenshot shows a web browser displaying the 'Procurement Site' at <http://site.url/infographics/procurement>. The page has a yellow header bar with the word 'LOGO' and a 'LOGIN' button. Below the header, there's a section titled 'INFOGRAPHICS PROCUREMENT NOTICES AND AWARDS' with a dropdown menu set to '2015'. A note about the Procurement Notices and Details is present, mentioning the Philippine Government Electronic Procurement System website. To the right, there's a 'SELECT AN AGENCY' dropdown set to 'DEPARTMENT OF AGRICULTURE - MAIN'. A note explains that the year dropdown applies to both the year of results and the agency selection. Below this, a 'SELECT A PROCURING ENTITY' dropdown is also set to 'DEPARTMENT OF AGRICULTURE - MAIN'. A note specifies that the asterisk (\*) indicates the head agency. The main content area displays a table of procurement notices for the Department of Agriculture - Main, filtered by April 2015. The table columns include DATE POSTED, BID #, FUNDING SOURCE, B.C., P.M., APPROVED BUDGET, CONTRACT AMOUNT, and BID STATUS. Each row contains a link to 'DETAILS'.
